Experience

The Iron Yard

October 2015 - January 2016

- Developed full stack web applications using Ruby on Rails framework
- Spent 50+ hours weekly building Rails applications, both individually and as part of a team
- Collaborated on a RESTful API application, GigStart, a crowdfunding concert application using Doorkeeper, PostgreSQL, Heroku deployment, and SendGrid as part of the backend technologies

Cobb County Government/ Public Library System

Library Technician

September 2014 - September 2015

- Typical daily duties included checking books in/out, cash handling, voter and patron registration, maintaining patron accounts, pulling and processing requested materials to fill holds
- Provided research assistance and answered research requests
- Interpreted library policies, handled specialized materials and instructed users in the use of internal and external information resources

Viacom/ Country Music Television (CMT)

Post Production Coordinator

September 2012 - January 2014

- Scheduled audio and video edit sessions, ran weekly budget reports, created detailed excel spreadsheets, and sent out individual purchase orders for all shows and departments that use CMT Post services
- Responsible for handling all closed captioning, encoding, digitizing, duplication and media transfer requests from producers

Audio Productions, Inc

Audio Engineer (Internship)

January 2012 - May 2012

- Assisted in overall operations of the studio, facilitated client requests, prepared for sessions, and edited audio for client needs
- Assisted in media day and radio tours by dialing ISDNs and aided with ADR sessions and cue logs

Middle Tennessee State University

2008 - 2011

Bachelors of Science in Recording Industry with a concentration in Audio Production; Minor in Spanish
